

# 1<sup>st</sup> PROJECT IN CAMBODIA USING FIVALCO VALVES

We are honored to announce and supply our **FIVALCO** products to Chip Mong Tower Project in Cambodia.

This is the first project in Cambodia using **Fivalco UL/FM** valves. The project is situated along the Russian Federation Boulevard and is proximal to the centre of Phnom Penh.

Once again, we would like to thank our customer for choosing Fivalco.

**THANK YOU FOR YOUR TRUST  
IN FIVALCO PRODUCTS**
