

OFFICIAL STATEMENT

10th APRIL 2025

Fivalco Limited holds the legal copyright ownership of the Fivalco logo (shown below). This logo is legally published and used for commercial purposes by Fivalco Limited as a registered trademark.

In 2015, Fivalco found that Shanghai Weihe Valve Technology Co., Ltd. and its affiliated company, Fivalco (Shanghai) Valve Co., Ltd., had unlawfully registered and used trademarks identical to our Fivalco branding without permission. This caused confusion among customers and seriously harmed the reputation of the Fivalco brand. In view of this, we took legal action and filed a lawsuit to firmly protect the integrity of our brand.

After the first and second instance trials, the court issued its final judgment on 28th February and 21st March 2025. The ruling revoked the "Decision on the Invalidation Request for No. 36396042 Graphic Trademark" and "Decision on the Invalidation Request for No. 36390668 Graphic Trademark" issued by the State Intellectual Property Office (Shanghai Intellectual Property Office [2022] No. 319391 and [2022] No. 319385). As a result, the State Intellectual Property Office was required to re-evaluate Fivalco Limited's invalidation request for the No. 36396042 and No. 36390668 graphic trademark.

With this judgement, the right to use the Fivalco trademark by Shanghai Weihe Valve Technology Co., Ltd. and Fivalco (Shanghai) Valve Co., Ltd. has been declared invalid, marking the conclusion of this trademark infringement case.

Fivalco Limited sincerely appreciates the trust and support of our customers, business partners and associates. We also extend our gratitude to the legal institutions for their fair judgment and to our legal team for their dedicated professional efforts.

We urge all partners and customers to promptly contact our company if they encounter any products suspected of counterfeiting the Fivalco trademark or any potential infringement. Additionally, we encourage industry partners to uphold a fair and healthy competitive environment, ensuring that originality and innovation receive the recognition they deserve!
